

Vinay Pushpakaran

Speaker Rider

Hello there,

I am so excited to work with you and make your event an amazing experience for your audience! Thank you for the opportunity to be a part of your event.

I appreciate your assistance in accommodating as many of these requests as possible, so that together we can ensure that your attendees have an experience that they would be raving about for a long time.

I would prefer to run my presentation from my laptop (via HDMI output) as I use custom fonts, colors, & videos. But, in the event I must use your equipment, please ensure your team loads all my presentations and verifies it works fine, upfront.

My preferred microphones are a countryman(headset), lavalier (lapel clip-on). I can also use a wireless handheld one, if necessary. If the audience has fewer than 50 people, a mic is not required.

If you wish to record the event, please notify me or my team in advance. Relatedly, please refrain from posting slides or other content received from our team for the event without our approval.

It is really important to please disallow servers of any kind from serving food or clearing plates during the presentation.

Clients often ask if I would be available for a "meet & greet" with attendees. I am always happy to do so (and much prefer to have a chance to meet with attendees!) and will arrange all details in advance.

If, and when booking a hotel reservation, please reserve a non-smoking, king bedroom, guaranteed for late arrival.

It is an honour to have the opportunity to speak to your audience and create a delightful experience for you and them. Please feel free to let us know if you have any additional questions or if there is anything else we can do to serve you, either before or during your event.
